

River Ramblings

Editor - Jeffrey Grimmer

Another Great Contest!!!

A lot of THANKS go out to the Hilltop Chapter for running a really tight and therefore smooth contest! The venue at the college was excellent and the folks there also deserve a round of applause. Congratulations go out to the quartets that will be going on to represent the LO'L in Toronto - "GQ", "Vocality" and the local favorite "Grand Design". We know that they will do us proud!

The 10,000 Lakes Quartet Champion was "St. Croix Crossing" with "Hot Commodity" being the Novice Champion. The Southwest Quartet Champion was "Gambit". The complete list of the quartets and choruses that will be going to the LO'L District Contest in La Crosse is shown on pages 2 & 3.

The Riverblender's had prepared well, under the direction of Jacob Ritter, and were ready for the occasion. We scored 792 points which was the exact number that we scored last year in Mankato, but this year we had 9 more members on stage. Congratulations go out to the Riverblender's on winning the Southwest Division Plateau AA and the overall Southwest Divisions Chorus Championship, with Jacob at the helm we will continue to improve!

The contest included an outstanding show by the Hilltop Chapter - Great Northern Union. It was a great show and they received a standing ovation, from the standing room only crowd! We will be watching and supporting GNU as they head to Toronto.

Congratulations to Albert Lea, who won the Most Improved Chorus by increasing their score from last year by 84 points!!! The Faribault chapter continues its great singing by winning the Southwest Divisions Plateau A Championship. The only real disappointment at the contest was that La Crosse finish out of the running for the District Contest by 1 point! Just one more point and all of the Southwest Choruses would be heading to District in the fall. We want La Crosse to know that we are proud of them and that they should keep your heads up and continue to improve.

The evenings festivities were extended by an Afterglow at Grumpy's with 15 different quartets entertaining the pack house. The amount of food was also incredible!!

Thanks again to the Hilltop Chapter and everyone else that was involved with putting on this fantastic event! - Editor

2013 Fall Convention &
District Contests
LaCrosse, WI
October 25 - 27, 2013

The current LO'L Board of Directors and Contest Judge Warren Hettinga

The Start of the Contest

Is it really only 7:45 AM?

Stan is starting to wonder where everyone is, while Steve is trying to wake up Jon before he falls over.

We were lounging around trying to wake up when our very own District VP-Southwest, Thom Schubbe went into action and gathered the troops. He, Doug, and Stan told us the plans for the day. It wasn't easy, but we all started to open our eyes and then sing. Eventually, we got dressed and even did some choreography!

"Contest, Performance, & Critique"

Warren Hettinga & Daughters

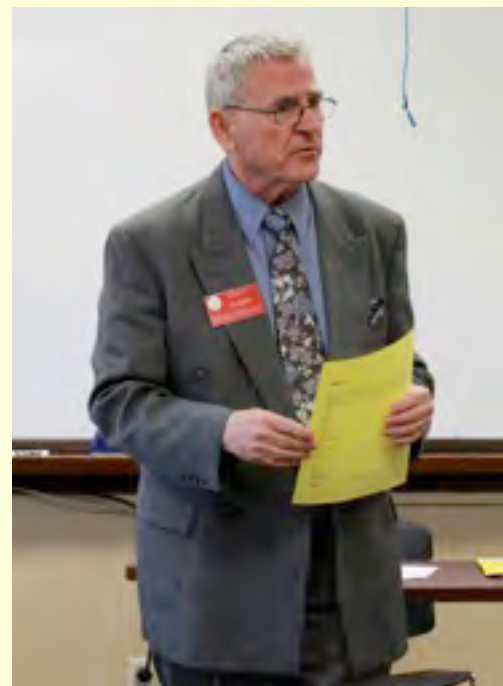

Singing Judge and former
Riverblender Director Warren Hettinga

We were lucky to have our former director, Warren Hettinga as a judge and mentor during and after the contest. We received some new and some often repeated news about our performance from David, Scott, and Warren. It was all good to hear, but now we have to put it into our everyday singing practices. Thanks to all of the judges that took their time and talents to come to the contest and help us out.

Scott Wilson - Presentation Judge

David Wright - Music Judge

"Second Half, Time To Eat"

Time to eat and discuss the contest with many other Riverblenders, their spouses and friends. Some of us even had seconds!

It was great to see and talk to Ed Wirtz former Director and member of the Riverblenders. And former member Dave Wall and his lovely wife.

Not All News Is Good News

Riverblender Bass **Chuck Brooks** tells us that because of health problems he will be sitting out of all summer activities and will reassess his capabilities in the fall.

Riverblender Bari **Dick Muesing** has reported to us that his health has made it necessary for him to withdraw his activities from the chorus.

Please make contact with these guys and let them know that they will be missed.

2012 LO'L Chapter Achievement Awards

The final tallies for the LO'L Chapter Achievement Awards was recently presented to our Secretary Tim Schubbe. This award would never be achieved except for his hard work getting the needed information from of our chorus and its members and then forwarding it to the district office. **Thanks Tim!!**

"Learn To Sing"

Presented By: Mankato Area "Riverblenders" Barbershop Chorus

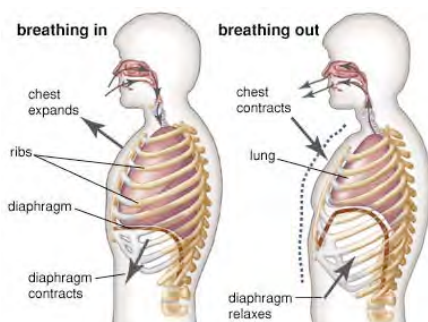

LEARN TO SING! Week 1 - Basics Breathing and Posture

What to remember:

- The singer sustains his voice
- Use the diaphragm to expel air, not the rib cage
- The diaphragm works, and the rib cage accommodates
- Breathing should be a relaxation exercise. Refresh and revitalize!
- Breath gives life, and it is free of charge!

Techniques:

- Posture
 - o Feet planted firmly on the ground for support
 - o Raise hands high above head to practice setting rib cage in place
 - o Spine straight, as if dangled by a puppet thread
 - o Breathe in, and the stomach expands. Breathe out, and the stomach contracts
 - o Energy in the face!
- Breathing
 - o Breathe on the vowel!
 - o Breathe low and deep, visualizing the diaphragm
 - o With rib cage in place, take expanding breath, and exhale through a dime space as long as you can. Feel the burn!
 - o Practice this several times a day, until you subconsciously keep your rib cage in place

LEARN TO SING!

Week 2 and 3 - Basics Resonance and the Soft Pallet

What to remember:

- Resonate: make louder
- Used to beautify every tone
- Not training you to be a pop singer, but a sustained excellent singer
- 4 resonance areas
 - o Pharyngeal Register (Low): usually used to talk – produced by the pharynx – can easily employ mucus membrane and cause damage to throat
 - o Soft Pallet (Medium): Blends into others, but utilized often. Identified as the soft, smooth, dome-like portion of the roof of the mouth.
 - o Hard Pallet (Medium-High): Used for brighter, higher pitches and more forward singing. Identified by the flat, rough portion of the roof of the mouth just behind the teeth.
 - o Turbine or Sinus register (High!) – used only for the highest of pitches within the full voice. Utilizes the hollow sinus to resonate the sound.
- Resonance is what can allow a singer to be heard in both loud and soft singing.
- A great mechanic can't just fix one type of car; they can work on any type. A great singer is the same. We want to become great singers in all styles of music, and a strong concept of register is the key!

Techniques:

- Vowel sounds that activate registers naturally. Songs can be practiced on these vowel sounds!
 - o Pharyngeal – AHH
 - o Soft Pallet – GAWW
 - o Hard Pallet – YOHH
- Vocal Exercises
 - o Ming-ming-ming-Ahhhh
 - o Visualize yourself in a different age group when you sing
 - o Employ a character voice
 - o Visualize the transition from register to register: move forward!

Here are a couple of lesson plans that Jacob has put together for our first 3 evening of the "Learn To Sing" program.

MANKATO RIVERBLENDEERS BARBERSHOP CHORUS

NEWS RELEASE

MAY 3, 2013

HEADLINE:

RIVERBLENDEERS CHORUS ANNOUNCES "LEARN TO SING" PROGRAM

All males with any level of singing experience are invited to sing two patriotic songs in concert with the Riverblenders Chorus at the "Freedom Sings" event scheduled to be held at the Church of St. Peter, St. Peter, Minnesota, on Wednesday, July 3 at 7:00 p.m. Beginners will be specifically welcomed. Singers who participate will be guests of the Riverblenders Chorus, and there will be no charge for their participation.

Registration is limited and singers will be selected on a "first come, first served" basis. Singers who register will participate in practices on six consecutive Tuesdays. Practice will start at 6:45 p.m. and run until 8:30 p.m. at Christ the King Lutheran Church in Mankato.

Under the direction of Jacob Ritter, whose credentials include an MFA in Choral Directing, each Tuesday session will involve time on the risers learning songs with the Riverblenders chorus, and will include 45 minutes of singing basics, vocal technique and barbershop harmony. Refreshments will be served at the end of each practice session.

All materials required to learn the music will be provided free of charge.

Singers who are interested should email Thom Schubbe at thomschubbe@gmail.com or call 612-961-7930.
